M 1

SENFA

CLASSIFICATION DURATION (article 5 of appendix 2):

limited 12 months from the date of the setting of the material in the regulated building (material not washable and not suitable for dry cleaning)

given the criteria resulting from the tests described in the enclosed test report.

The classification indicated does not mean that materials marketed comply with the test samples and must not be considered as a qualification certificate as defined by French law dated June 3, 1994.

N.B.: Only integral copies of this document may be made by photocopying the classification report and enclosed test report.

Issued in Lyon, France on the 18th February, 2016
